

# ISC Archery Orientation Test

Print this out, select your answers, and bring in your test to the range office to get it graded and receive the gate code.

## **When are you allowed to climb the berm to look for arrows?**

- a) When the rifle range is closed
- b) Only in the presence of the Archery Director.
- c) Anytime as long as I don't peek over the top.
- d) Never the ISC will designate specific days where a metal detector will be brought in to find lost arrows.

## **What target butts can you use to shoot your broad heads?**

- a) Anyone of them if they have an animal target posted on them.
- b) Only the ones specifically designated as broad head targets (Sand Pit)
- c) Any target that doesn't specifically say you can't.
- d) Broad heads are too expensive to practice with and don't belong on the range.

## **What does it mean if you are the first person on the Range?**

- a) I should police the range picking up trash so that potential guests that show up don't see how messy people can be.
- b) You are the default range master.
- c) Fling a couple of arrows down range to see if anyone yells "hey I'm down here".
- d) Lock the gate behind you to keep the riff raff out.
- e) All of the above

## **What do I do if I need to look behind a butt for an arrow that passed through or missed the butt?**

- a) Yell to everyone that you need help and perhaps more eyes will decrease the time needed to look for the arrow.
- b) Report to the range master that you need to look for a passed arrow so he/she doesn't declare the line hot while you are down range.
- c) Place your bow in front of the Target so anyone who tries to shoot it knows you are back there.
- d) All of the above are good things to do but item B is the most critical since the range master is controlling the activities on the range.

## **What if the range master asks me to do something that is specific to the archery range and I disagree?**

- a) If it is safe and responsible, do it, the range master is in charge and responsible and should be treated with respect.
- b) Politely tell the range master they're an idiot and that they should go find someone else to bother.
- c) Read the range rules and you'll probably find they are acting accordingly, if they are not report their behavior to the Archery Director.
- d) In a private civil conversation point out the range rule in question, the range should be run in the safest manner possible.
- e) Ignore them, they are just on a power trip.
- f) A, C, D are all acceptable approaches B and E are totally unacceptable.

**When is the archery range open?**

- a) When the rifle range is not open, I should review the posted rifle range hours to be sure.
- b) After 6 because that is what the city of Issaquah demands.
- c) Whenever I don't hear any shooting.
- d) Anytime that is why I have my own gate code.

**Who can use the range?**

- a) Everyone can just leave the gate open so everyone gets access
- b) Only those Issaquah Sportsmen's Club members holding an archery membership that have passed this exam, received a gate code, and are accompanied by no more than a single guest. Or non-member groups that have been approved by the board.
- c) Anyone living in a ten mile radius of the club.
- d) Any member of the ISC.

**True or false, I am expected to lock the gate behind me when I leave?**

- a) True
- b) False

**If I'm behaving like a total jerk or being unsafe what are the repercussions?**

- a) I may be asked to leave the range.
- b) I may be removed from the club and my dues forfeited
- c) I may be charged with trespassing or reckless endangerment punishable by law.
- d) All of the above. Inappropriate behavior will not be tolerated.

**What if I find a target butt that is being shot through and is in real bad condition?**

- a) Tell the board they are dropping the ball and to do their job and pay someone to fix it.
- b) Make any repairs I can so that others don't have to deal with the problem
- c) Come to the next work detail and help make sure the problem is addressed.
- d) B and C are great, A is ridiculous

**What if I'm the Range master but I don't want the responsibility?**

- a) Just leave the range someone else will figure it out.
- b) Start yelling and acting like a psychotic so everyone else leaves and you'll have the range to yourself.
- c) Ask someone else to be the range master if they agree to be the range master, announce the change to the group.

**As the range master you see someone struggling to pull their bow back and in the process aims it up in the air as they are pulling it back?**

- a) Issue them a warning that the bow must be drawn back at no more than 15 degrees above the target.
- b) Explain to them that perhaps they should lower the draw weight so they can pull the bow back safely.
- c) Explain to them that if they cannot draw the bow back in a safe manner they will need to leave the range until they can.
- d) All of the above actions should be taken.

**When is it safe to shoot arrows down range?**

- a) If you are the only one at the range, take a look down range and shoot only if you are sure there is no one down there. Or wait for the range master to give the line is hot signal.
- b) Shoot some arrows down range to see if anyone yells at you.
- c) Yell Ollie Ollie Ollie three times and wait for a response, if there is none it's safe to shoot.
- d) Wait five minutes after you return from gathering your arrows for all shooters to return from down range.

**How many archers are allowed at each shooting position?**

- a) 1
- b) 2
- c) 3
- d) As many as you can fit.

**What is the maximum number of arrows you can shoot per end if there is more than one person at the range?**

- a) 15
- b) 8
- c) 3
- d) Until I run out! Who cares if the other shooters on the line have to wait, that's their problem.

**What equipment is allowed on the range.**

- a) Archery equipment legal for hunting or allowed by NFAA, FITA or IBO.
- b) Archery equipment and BB guns because they have a limited range.
- c) Paint-ball guns and BB guns.
- d) Any archery gear including Rambo exploding tips and poisonous pods.
